Your support and involvement in our PTA makes a difference in your child's life and our school!

Today more than ever, schools are challenged to provide every child with the best education despite growing limitations. Budgets are tight — in many cases, shrinking — while government requirements are growing. Schools are challenged to do more with less.

More than 30 years of research has proven that children do better when their parents are involved both at home and at school: grades are higher, test scores rise, self-esteem grows, schools improve. There is a simple way to make these outcomes a reality for your child: **Join the PTA!**
